

Nicolletti -Flater Consulting Plan and Report

- *Step 1--Geographic analysis by date
- *Step 2--Days of the week
- *Step 3--Time of each incident
- *Step 4--Attack method

Skill Set Analysis:

- *Time and Opportunity
- *Trapping Skills
- *Escape and Evasion Skills
- *Surgical Precision Skills

From these factors, generate parallel hypotheses regarding the attacker(s).

The actual attackers may be identified by sending the carcasses to CSU for necropsy analysis.
